## Care Curiosity Determination

---

Ref: Sch/Visits and Activities/visits and activities 2023-2024/Y5 Y6 Shakespeare Workshop & Medical Mavericks April 2024 (JB)  
April 2024

Dear Parents/Carers,

### **Medical Mavericks Workshop – Challenge the Champions – Thursday 23<sup>rd</sup> May 2024**

Are you ready to challenge the champions? Our next topic focuses on the wonderful power and versatility of the human body. We are challenging our year 6s to compete against the best of the best! They will race a virtual Usain Bolt, test their reactions on a Blaze Pod, see if they can “out throw” the world’s strongest man, measure their power output on a Watt Bike, test their strength and jumping ability – and much more!

This incredible STEM enrichment day will encourage our children to show their curiosity and determination with an afternoon of fast-paced, fun-filled sessions designed for all children to participate, no matter their fitness level or abilities!

### **Shakespeare Workshop – Macbeth - Thursday 13<sup>th</sup> June 2024**

As part of our ‘Brains, Blood and Body Bits’ topic, we will be exploring Shakespeare’s ‘Macbeth’. This wonderful unit is a fantastic transition into Y6 (for our current Y5s) and from Y6 to Y7 (for our current Y6s), who will continue to explore the works of Shakespeare in KS3.

Sky Blue primary school workshops use the students' own words and ideas to retell the chosen Shakespeare play through an interactive and highly-entertaining format that sees pupils become the stars of the show, complete with costumes to wear and props to wield - all under our expert direction.

Workshops are precisely tailored for students at KS2, helping to develop speaking and listening skills through drama.

The cost for the two workshops is **£12.25** per child which can be made via our IRIS ParentMail system. We would be very grateful to receive your voluntary contribution no later than **Friday 7<sup>th</sup> June 2024.**

Yours sincerely,

The Year 5/6 Team
