To all Parents/Carers,

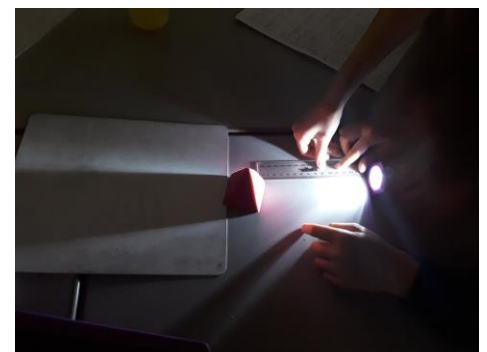

21/6/19

To all Parents/Carers,

This week has been all about languages and being creative; with the Arts Trail and our annual celebration of the culture and language of a different country (Germany this year) taking centre stage. On the left we have an example of 'yarnbombing' in the Six Streets area. This was a task bestowed upon our Y1 children and they have done a great job. On the right, more Y1 children wearing colours of the German flag. It was a sea of red, black and yellow on the gate this morning followed by an assembly in the hall; with contributions from children who attend the German Club every week. This was then topped off with traditional German food in the dining hall – which from firsthand experience I can say tasted delicious! A huge thank you for your support and getting the children all dressed up for their day of fun.

In other news, Twitter has seen some updates from recent Science experiments in Y5 (see right). This has been a big focus for the school this year and we have worked hard to immerse the children in a breadth of Science investigations; so as to improve their knowledge and understanding. Indeed, this year it is time, once again, for STEM Week and we are just in the process of applying the finishing touches to another few days of everything to do with Science, Technology, Engineering and Maths. More details to follow so watch this space.

And finally, one last reminder about the curriculum survey. We're looking to close all responses by this time next week so if you haven't already, please click on the link below – your feedback up to now has been really helpful.
