### Y5/6 Raspberry Pi Coding Club

Dear Parents/Carers,

Thanks to two very willing volunteers with a whole host of expertise in this area, we are fortunate enough to offer a weekly Coding Club for Y5/6 children commencing on Monday 6<sup>th</sup> November (3:30pm - 4:30pm). To fully engage with the club it would be helpful if your child had a little bit of experience with coding or using the program Scratch, but it is not essential. We hope to cover a range of different coding/programming topics so the children can have awareness of all the things they can do with a computer.

If your child would like to attend, please complete our SurveyMonkey form below. We will send an email to confirm whether your child has a place. The club is limited to ten places and so is on a first come first served basis. Don't worry if your child misses out, they can be put on a waiting list and we may be able to offer more spaces in the future.

<https://www.surveymonkey.co.uk/r/ClubsAutumn>

The club begins 6<sup>th</sup> November and the last session this term will be held on 18<sup>th</sup> December. Please note **there will not be a session on Monday 13th November** when we have our Parents Evenings in school.

Many thanks,

The Office Team
