Our final topic of the year takes us right back to the birthplace of democracy: ancient Greece! We will be understanding how over 2,500 years ago, the ancient Greeks brought great thinkers, warriors, writers, athletes, artists, architects and politicians to the world. We will explore electricity like mighty Zeus and learn how to see like an oracle. We will be sculpting like Hephaestus and, of course, be performing our end of year production: Star Warts (with thanks to Mrs Edge and Mr Holmes!). As always, if you have any questions about our curriculum, please contact Miss Herriman (UKS2 lead) or your child's class teacher.
