

Hi everyone!

It's Mrs. Smith - I hope you haven't forgotten about me because I think about you all a lot!

I hope you're all well and are staying safe at home. I know it can be a bit boring staying at home all the time, but you'll see your family, friends and me soon enough. Just think about what a fantastic day that will be! I hope you've been keeping busy with the home learning that we've been setting for you, but as well as this, don't forget to make the most of spending time and having fun with your family. As for me, Mollie and the animals, we've been keeping ourselves busy too. Apart from my school work (yes I've got to do it too), we've been doing Mollie's home learning, playing in the garden, reading books, playing board games, painting, doing activities towards Mollie's Brownie badges, baking with our duck's eggs and generally just trying to do lots of different things and have fun together. We've been walking the dogs and playing with the rabbits in the garden, I think all the animals have liked having Mollie and I home all the time. One thing we have also enjoyed doing is the clapping every Thursday at 8pm, we go to the end of our drive in our pyjamas along with lots of other people on our street and clap for all the people who are helping us all during this time. We wave at the cars that are driving past and they wave and beep back.

I know some of you have had birthdays whilst we've been off - so happy birthday to you, I hope you had a lovely day and are enjoying being 7 year olds! I'm sure your families say that you are all growing too quickly!

Mrs. Greenaway has asked me to add a message from her too. She says that she is thinking of you everyday, wondering what you are all getting up to. She has started a Corona Diary so children in 100 years time can read about this strange time when the schools were closed. She suggested that you could write a diary too and we could read it when we are all back at school.

Anyway, I'd best sign off, so I will see you again soon and look forward to hearing all about your time at home, until then - take care of yourselves.

Love from  
Mrs. Smith
