Links to Whole School Development Priorities (please tick the last column to show which priority your objectives link too)	1. To extend children's understanding and use of subject specific vocabulary.				✓
	2. To improve and broaden children's strategies for spelling in all year groups.				
	3. To further enhance the attainment and progress of children with identified SEND.				✓
	4. To develop the use of manipulatives in Mathematics in order to improve children's overall understanding of key concepts.				

Our vision for Markeaton Linguists

*We want **all** children to be exposed to a variety of languages from an early age, with an emphasis on French. This will provide them with the confidence, ability and willingness to learn about other countries and cultures.*

During their time with us, children will develop an appreciation and knowledge of foreign languages and this will inspire them to experiment with language when the opportunity presents itself.

Children will leave the school equipped with a range of phrases, giving them the means and the confidence to take the next steps on their linguistic journey.

What actions will you take in your subject to help improve the children's ability to read and/or apply reading skills?

- Provide opportunities for children to read key French phrases in the classrooms and in Salut! Scheme.
