Part A: Pupil premium strategy plan

Statement of intent

At Markeaton Primary School we strive to create an environment which gives all children the opportunity to explore and enrich their potential. We are committed to social equality and improving life chances for potentially vulnerable children. At Markeaton, we believe our school is a community and that it is vitally important that everyone is safe and happy within it. We aim to provide an environment in which our children are secure and confident, irrespective of race, gender and religion, with equal opportunities for all.

Our current pupil premium strategy works towards its aims in a three-tiered approach:

- Teaching- all staff are trained to deliver a robust, engaging curriculum through quality-first teaching.
- Targeted intervention all children who need academic or emotional support are provided with it in a timely and effective manner.
- Wider strategies –identified vulnerable children are given non-academic opportunities and experiences to aid with their holistic development.

Areas of our whole school aims that link to the Pupil Premium Strategy are:

- To further embed all aspects of continuous provision in Y1
- To improve reading comprehension skills from Y1 to Y6
- To further enhance children's outdoor learning experiences
- To improve editing, spelling and handwriting from Y1 to Y6

Our approach is responsive to individual needs, rooted in regular, robust diagnostic assessment. No assumptions about the impact of disadvantage are made. Through a whole school approach, staff take responsibility for pupil outcomes and raise expectations of what can be achieved.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Many disadvantaged pupils find the fundamental demands of writing difficult as well as using literary skills independently (FS2-Y6).
2	A number of children from disadvantaged backgrounds have a lower level of language and oracy skills. To achieve Expected within reading, a higher level of vocabulary is required as well as age-appropriate reading skills.
3	When problem solving and reasoning within maths, some disadvantaged children find using and applying the taught maths skills challenging.
4	Increased social, emotional and mental health needs have been identified for a proportion of our disadvantaged children, impacting upon their ability to engage and become confident and successful learners.
5	Many disadvantaged FS2 children's EYFSP scores demonstrated the need to develop a play-based curriculum in Year 1.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

independently (FS2-Y6).	 Termly pupil progress meetings show teaching staff taking responsibility for disadvantaged outcomes and putting in steps to support individual children.
	 Internal moderation when reporting data
	 Achieve at least national progress scores in KS2 for disadvantaged pu- pils within Writing.
	- External moderation in Yr2 and Yr6.

	in KS2 for disadvantaged pupils within Maths.
Increased social, emotional and mental health needs have been identified for a proportion of our disadvantaged children, impacting upon their ability to engage and become confident and successful learners	Opportunities for all disadvantaged to access enrichment activities and trips. The curriculum is not narrowed for these pupils and access to all foundation subjects is guaranteed. Pupil Development opportunities are accessed by the most vulnerable pupils. Children will have experienced increased opportunities to develop their skills
The curriculum will be more accessible by developing continuous provision within Year 1.	Opportunities for disadvantaged children to access and engage with a play-based curriculum. Staff trained to deliver high-quality continuous provision.
	Resourcing reflects the curriculum requirements both inside and out to fully develop a continuous provision environment.
