Care Curiosity Determination

11.10.2024

To all Parents/Carers,

Some absolutely brilliant photos on X this week – with more to come over the next few days!

Top left we have one of a few photos of the Y3 and Y4s who went to Eyam this week to learn more about The Plague (as part of their topic). The weather was favourable and by all accounts they had a great trip. Thank you to all the parents/carers who helped out – we hope you enjoyed it too!

Middle left has to be one of my favourite lessons of the week! The children, as part of their work around adaptation, were learning about which beaks were designed in the best way to forage and eat. Using red laces, tweezers and other grabbing utensils, the children were able to use their scientific knowledge and figure this out.

Bottom left we have some taste testing in Y2 to go alongside their writing topic! There were definitely some happy faces in class that day!

In other news, a big thank you to everyone who supported our first ever car boot sale last Saturday. The weather was sunny, there was an ice cream van and, overall, a lovely community atmosphere. We are planning to do one every term so look out for the adverts after Christmas 😊

And finally, another well done to everyone for our improving whole school attendance. We have all noticed a huge difference, including with punctuality, so thank you. Mrs Blackshaw, our brilliant attendance officer, is only at the end of the phone or in the office if you ever want to talk about anything attendance related. By working together, this will get better and better.

Have a lovely weekend
Mr Johnson

This week's attendance is 96.7%. Our target for the year is: 97.3%
The year group(s) with the highest attendance is/are Y2 97.6%
