

# Weekly Word

18.3.2022

To all Parents/Carers,

What a difference it makes when the sun is out! I don't want to curse it but it does seem like we might be in receipt of some warm weather over the next week or so!

Top left we have some Viking purses being made in Y3 as part of their topic. The prospect of thirty children with sewing needles is usually a daunting one for teaching staff but they have been amazing and really careful with it! The Y4s, fresh from their Condover exploits, have also been making purses and yesterday they squeezed in a bit of Cyclocross on the field too with [Cycle Derby](#).

In the middle we have children in Y2 making the Star of David in their RE lessons using lollipop sticks. They look really impressive and the children loved the activity. In that same classroom (Miss Payne's) there is also a lovely window display showing support for the people of Ukraine. If you get chance, have a look. It is just to the right of the main entrance to the office. Thanks to Miss Bale who put it all together ☺

On the theme of showing support to the people of Ukraine, bottom left is a piece of artwork created in Y6 in the style of the Ukrainian artist Maria Prymachenko – amazing isn't it! Check out Twitter for more examples. A big thank you to everyone for supporting our blue and yellow day too earlier in the week; we raised a whopping £684.98 – all of which has now been sent to the Red Cross.

And finally, just a reminder that we have signed up for the 'Big Walk and Wheel' event from 21<sup>st</sup> March till the 1<sup>st</sup> April:

[Sustrans Big Walk and Wheel is taking place 21 March - 1 April 2022](#)

It promises to be an amazing event and we are in it to win it so get involved!! Each class will record how the children get to school and there are lots of prizes on offer, including a brand new scooter!

Have a lovely weekend

Mr I. Johnson
