

# Weekly Word

Care Curiosity Determination

**#GO POTTY  
FOR WILDLIFE**

18.7.2025

To all Parents/Carers,

Definitely an eco/healthy/sustainable feel to this week's Weekly Word!

Top left we have children in KS2 showing of their drawing of the school grounds as part of their nature and environment audit. We have big plans for 2025/26 and this task is one of many we need to complete in order to achieve the Silver Award (or perhaps even better in the future!). They did a phenomenal job 😊

In addition to this, you will get a message from the office inviting all children to #go potty for wildlife. The challenge will be to plant and nurture a seed or flower over the Summer Holidays and bring it back in September; ready to be placed in the school grounds. So keep an eye out for that one!

Bottom left, Elm Class enjoyed a healthy fruit and vegetable workshop delivered by our local Co-Op. They played fruit and vegetable bingo, tried fresh fruit and vegetables and earned prizes along the way.

In other news, the Parent/Carer Questionnaire results are now live on the [website](#). Thank you again to everyone that contributed – we had 220 in the end which is a massive amount. By and large, these were the best set of results we have ever had so thank you for all your kind comments and positivity – it really is much appreciated. As always though, there is feedback for us to look at and consider changes for the future.

The questions around mobile phones sparked some interesting responses so we will look to collate these and think about how to respond in September.

Have a lovely weekend and see you next Monday

Mr Johnson

This week's attendance is 95.6%. Our target for the year is: 97%  
The year group(s) with the highest attendance is/are Y4 98.9%
