

Weekly Word

19/11/2021

To all Parents/Carers,

Sometimes a picture tells a thousand words and all I wanted to do this week was draw your attention to all the amazing things that have been happening in the curriculum.

From bottom left all the way round to top right we've had:

Sir Linkalot (certainly left an impression!), Blast Off 3-2-1 topic in Y5/6 (children built Mars Rovers out of Lego...among loads of other cool stuff), Mad Science Assemblies, Religious workshops (Buddhist meditation and Sikhism in these photos), Cyclocross at Moorways stadium and Big Writes in FS2.

There are at least 20 other photos on [Twitter](#) from this week too so please check them out – it's been a phenomenal five days.

That's all really, please keep asking your child about Markeaton Minds and get them to tell you what it means! Oh and please have a look at our book wishlist too:

[Children's Online Inclusive Bookstore | A New Chapter](#)
(anewchapterbooks.com)

Have a great weekend

Mr I. Johnson
