Care Curiosity Determination

1.12.2023

To all Parents/Carers,

And all of a sudden, without a hint of warning, it is the first day of advent...where did that suddenly appear from! Speaking of all things Christmas, thank you very much to everyone who attended last Saturday's Fair. It was our new PTFA's first event and I thought they did a fantastic job. It's never easy taking on the role of PTFA so thank you to them also, it was a lovely day and we raised over £3000!

Top left a spot of DT (Design and Technology) for you. Here we have children in Y2 making their very own freestanding chairs using recyclable materials. Using their knowledge and understanding of previous and current learning they were able to create designs capable of holding up to 100g! Top work Y2s!

Middle left we have children in Y4 practising their spelling. Over the last 4 or 5 years we have tried a number of different ways to help support children with their spelling and this, what looks like a crossword, is one of them. Of course, we have other games and Spelling with Emile helping to make a difference too 😊

Bottom left, one of my favourite photos of the year; children playing hide and seek in the forest school area in FS2. Who cares that it's been sub zero all week – get a warm coat on, some gloves and hat and we are good to go! How many children can you see...?

And finally, if you know anyone who might be able to help us set up an orienteering course in school then drop the office an email for the attention of me – we need a map and a set of markers but we're not sure where to start with it all!

Have a lovely weekend
Mr I. Johnson

This week's attendance is 93.5%. Our target for the year is: 97%
The year group(s) with the highest attendance is/are: Y3 97%
