

# Weekly Word

## Care Curiosity Determination

1.3.2024

To all Parents/Carers,

Welcome back to the final Spring half term. I hope you had a restful and enjoyable break.

There has been no stopping the children this week! Top left FS2 have been celebrating National Polar Bear Week by linking it with their Maths and use of number cubes! Very creative 😊

Middle left, and perhaps my favourite tweet of the week, we have children in Y6 partnered up with children in Y2 listening to them read. The Y2s absolutely love it and it's really nice to see them make friends with the older children in school.

Bottom left is a photo of a child in Y3 learning how to read music and play the xylophone. Thanks to PPA Cover for putting such a great video on Showbie (our online learning portal for all the children).

In other news, a few parents/carers have approached school regarding Whatsapp groups for their child's year group and some of the issues surrounding it. Whilst Whatsapp is a 16+ app, we have been made aware of children in Y5 and Y6 using it and being part of different groups. We have also learnt that some children have been sending unkind messages to one another and this has been spilling over into school. This appears to be a bit of a recurring theme over the last few years so I would encourage you to visit the [E-Safety section](#) on our website for guidance on different apps, age restrictions and other useful advice.

And finally, next week is Child Progress Meetings with your child's class teacher. If you haven't booked already, please make sure you do. They are in school in your child's classroom.

Have a lovely weekend

Mr I. Johnson

This week's attendance is 95.8%. Our target for the year is: 97%  
The year group(s) with the highest attendance is/are: Y3 98%
