

# Weekly Word

1.7.2022

To all Parents/Carers,

What a difference a week makes! Last Friday we were all recovering from the sweltering Sports Days and this week we have been dodging the rain!

Top left we have our brand new Markeaton Minds logo. Markeaton MINDS is something we talk about a lot in school and when the children get their certificates in Gold Book Assembly on a Friday it is usually for something to do with this:

M	<i>More than just me...</i>
I	<i>I can do it...</i>
N	<i>Now what...</i>
D	<i>Doing it myself...</i>
S	<i>Solving problems...</i>

Ask your child about it and see how much they can recall. It works well in school but it will work even better if they can talk about it with you at home!

Middle left, we have a bit of a food theme going on. As part of their DT projects, Y5/6 have been making their own Spag Bol and in Y3/4 they have been making their own Mayan inspired chocolate; complete with packaging! The school smelt amazing!!

Bottom left we have children celebrating their achievements in our Swahili Languages Day which was on Monday...the tweet reads: *'Jambo! We had a fantastic day yesterday learning Swahili, learning some Tanzanian dance moves and creating some TingaTinga art! Happy Swahili Day everyone!'*

And finally, just a few other things to be aware of:

- It's the Summer Fair tomorrow, 2pm – 5pm. I hope you can attend, it promises to be an amazing event! If you are able to help set up or run a stall then please contact the PTFA ([markeatonptfa@gmail.com](mailto:markeatonptfa@gmail.com)).
- Your child's end of year school report has been sent out tonight, along with their new class for next year. **Please remember, these decisions are final.**

Have a lovely weekend and hopefully see you tomorrow!

Mr Johnson
