Care Curiosity Determination

24.1.2025

To all Parents/Carers,

Some absolutely brilliant Science work going on this week around school. First up, top left, we have children in Y3 and Y4 investigating the water cycle – which would probably explain why I have found various bags of water taped to windows around school (see below) 😊

Nice work Y3 and Y4!

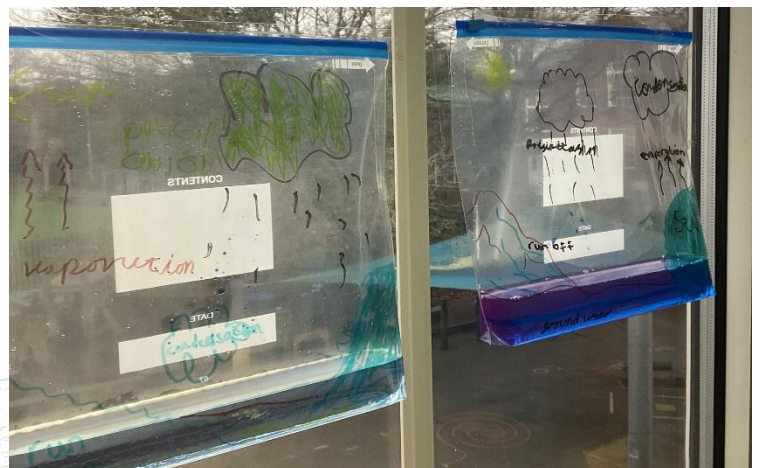

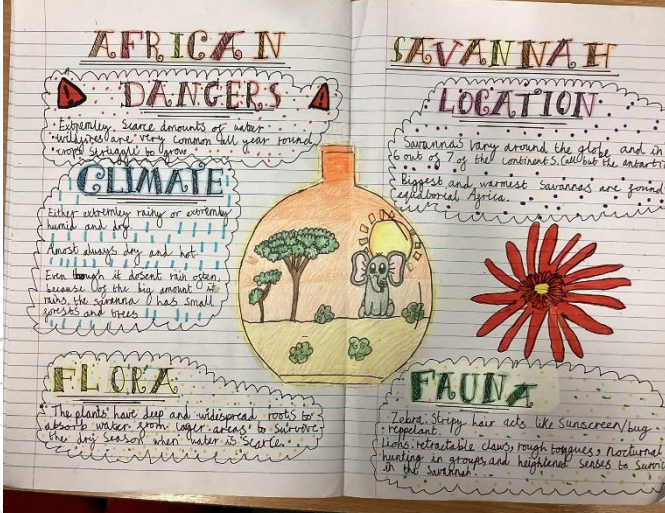

Middle left children in Y5 have been looking at classification using branch/sorting diagrams. We definitely have some budding and enthusiastic Scientists at Markeaton that's for sure.

Bottom left is one of many examples of amazing work I have seen in Y6 about biomes. Just look at the quality of that work, absolutely fantastic!

That's all from me this week!

Have a lovely weekend,

Mr Johnson

This week's attendance is 96.3%. Our target for the year is: 97%
The year group(s) with the highest attendance is/are Y2 97.8%
