

Weekly Word

28.1.2022

To all Parents/Carers,

Here is another chance to have a look at some of the great work the children have produced this week...

Top left we have some of our incredible Evacuation Day letters compiled in Y5. They really are quite special so be prepared to shed a tear when you have had a read. In case you weren't aware, we do schedule parent pop ins (in addition to parent/carers meetings) throughout the year so you can come into school at the end of the day and have a good look at what your child has been doing in class.

In the middle, our Y3s have been making Viking shields outside in the forest school area and bottom left we have a great example of more 'hands on' Maths.

Our target as a school this year has been to use more Maths Manipulatives in class to help with the children's understanding. There is no doubt that this activity helped the children divide and multiply by three and use remainders in context.

In other news, our interhouse competition continues to gather momentum. The next Bee (aka competition) will be capital cities of the world and is scheduled to take place in the final week of this half term. After half term, towards the end of March, there will be an interhouse sports competition so lots to look forward to. To raise the profile of interhouse competition we now have the trophy (see below left – winners of times table and spelling bees already engraved) and signs for all four houses (bottom right) around school. If you don't know, they are as follows:

- Wright
- Strutt
- Nightingale
- Royce

Have a lovely weekend!
Mr I. Johnson
