

# Weekly Word

Care Curiosity Determination

To all Parents/Carers

Well, after months and months of negotiating with the Local Authority, they have decided to support us with the construction of a new outdoor classroom (top photo)! We are unbelievably excited about this and are looking forward to the works beginning next week 😊

Once completed this will provide us with the necessary space to extend our Nurture Provision and also give immediate access to the outdoor environment. I will keep uploading photos as the work progresses...

In other news, thank you for all your support and donations for NSPCC Numbers Rock Day! There were some unbelievable costumes coming through the gate this morning and all the children really enjoyed the activities in their classrooms. I will let you know how much we raised when we have the total 😊

And finally, a Quiz Night for Team Frank on **Friday 13th of March**, doors open at 6.30pm. Teams of up to 8, £15 per head including a chippy tea (veggie options available too!)

This is an 18+ event and only open to parents/carers and staff of Markeaton Primary School. See you there!

Mr I. Johnson
