Care Curiosity Determination

7.11.2025

Dear Parents/Carers,

I hope your child has had a good start to what is normally the busiest half term of the year! Despite it only being November, I can't believe we're already on the countdown to Christmas...

Some great photos on the left of Y2s enjoying the Toy Workshop in their classrooms. They have been learning all about toys from the past and what children used to play with. I'd say the spinning top was a particular favourite!

Another big thank you to everyone who has donated some bits and pieces for our loose parts play collection. We have amassed quite a bit over the last few weeks and it has all really helped! We have also taken significant steps towards starting our outdoor classroom/community space following a successful grant application. The plans have been drawn up and they have just gone out to tender. I'll keep you posted as and when but it is all very exciting!

Although the image below is not exactly how it will look, it's not far off and hopefully it gives you an idea of what we are trying to achieve. So, to the left is the bike shelter and to the right is the green door to the PE Shed (all on your left as you enter the playground/'Calm Cove'). If you have any ways or ideas in which the project could be supported or improved then please speak to me on the gate 😊

And finally, you'll be getting messages/emails about Class Dojo and how to set up your child's account. So keep an eye out for them too. This is our replacement for 'X' (formerly Twitter).

Have a lovely weekend,
Mr I. Johnson
