

# Weekly Word

## Care Curiosity Determination

9.2.2024

To all Parents/Carers,

My word it's been cold, wet, windy and snowy this week! Roll on Spring!! I thought I would opt for a bit of a History theme this week, seeing as though so much has been going on in the classrooms. The children have been learning everything from WWII to Vikings to old methods of transport!

Top left we have children in Y3 learning how to be archaeologists and unearthing Viking artefacts. They studied the artefacts and then tried to figure out what they told them about Viking life – proper Historians 😊

Middle left the children in Y6 were being Bletchley Park Codecrackers. Using caesar cyphers and date cyphers they were working their magic on some pretty complex codes! Miss Herriman was very impressed!

Bottom left we have children at the British Transport Museum. Y2s went on Wednesday and Y1s have gone today. Despite the long journey, it was a great trip and Mrs Randall tells me that the staff at the museum were wowed by how respectful and caring the children were – they said they were the best year group they had ever had! Thank you to all the adult helpers who gave up their time to support the trip, it is much appreciated 😊

And finally, well done to the children for taking part in all the activities around Mental Health Week and Safer Internet Day. We hope that the message of '**my voice matters**' is something they take away with them – here are some great resources for families too
